Sir:

TECHNOLOGY CENTER R3700

**A. COMMENTS**

This communication is responsive to the Notice of Non-Compliant Amendment mailed on November 23, 2004. The Notice of Non-Compliant Amendment indicates that the Preliminary Amendment filed on November 4, 2004 is considered non-compliant because it has failed to meet the requirements of 37 CFR 1.121. In particular, because a complete listing of all of the claims (claims 1-31) is not present.

In the Preliminary Amendment filed on November 4, 2004, Applicants did not include the previously canceled claims 1-31. With this Response, Applicants respectfully submit a revised listing of all the claims including a reference or listing of

claims 1-31. In accordance with 37 CFR § 1.121(c)(1), the listing of claims indicates that claims 1-31 are canceled and does not list the text of the claims.

A complete listing of the pending claims from the Preliminary Amendment filed on November 4, 2004, including a reference to claims 1-31, is provided below in a revised Section B. Claims 32, 46, 52, 57, 60 and 67 are shown as currently amended as also indicated in the Preliminary Amendment of November 4, 2004.
